1. AO = Administrative Order closed after compliance with the requirements of the order; APO = Administrative Penalty Order requiring compliance with environmental regulations and assessing a penalty; CACO = Consent Agreement and Order requiring compliance with environmental regulations and/or assessing a penalty; CJ = Civil Judicial Case with the Department of Justice, Self Disclosure under EPA's Audit Policy

2. Proposed unless (f) for Final

Narrative Summary:

THE CONSUMER CONFIDENCE REPORT (CCR) RULE: This rule is an important part of the 1996 Amendments to the Safe Drinking Water Act (SDWA). The CCR final Rule, which became effective September 18, 1998, provides a framework that water suppliers will use to give consumers information on their drinking water. Under 40 CFR Part 141 Subpart O, all community water systems (CWSs) were required to provide their customers with an annual quality report or CCR by October 19, 1999. Some CWSs have delivered the first round CCR reports to their customers but some did not comply with this rule. The majority of the enforcement actions listed as SDWA violations are the water systems that did not comply with the first round CCR rule and were targeted for the administrative orders by EPA Region 6.

THE CHROME DOCTOR, LAKE CHARLES, LA: The Chrome Doctor is a small plating facility located in Lake Charles, Louisiana. The facility opened in December 1998, and some of its activities are chrome plating, gold plating, and aluminum and steel parts refinishing. A Resource Conservation and Recovery Act Compliance Evaluation Inspection conducted at the facility on December 8, 1999, revealed that the facility had failed to 1) make a hazardous waste determination, 2) meet the permit exemption requirements, and 3) have an EPA identification number. The Complaint, Compliance Order, and Notice of Opportunity for Hearing (Complaint) was filed June 28, 2000. The Complaint alleged that The Chrome Doctor was operating without a permit and assessed a civil penalty of \$38,939. The owner of The Chrome Doctor has begun discussions with EPA regarding inability to pay the assessed penalty.

CROWN VANTAGE, ST. FRANCISVILLE, LOUISIANA: Crown Vantage (Crown) is a paper company located on the Mississippi River near Baton Rouge. As the result of violations discovered during a multi-media compliance evaluation inspection, Region 6 filed a Complaint, Compliance Order, and Notice of Opportunity for Hearing (Complaint) in two media: the Resource Conservation & Recovery Act (RCRA), and the Superfund Amendments and Reauthorization Act (SARA) Section 313. The Complaint alleges that Crown failed to update Toxic Release Inventory data, failed to make hazardous waste determinations, improperly stored and disposed Land Disposal Restricted hazardous (corrosive) wastes, and failed to notify the Louisiana Department of Environmental Quality of a change in its hazardous waste generator status. The Complaint requires the facility to pay a civil penalty of \$310,468, comply with all applicable regulations, and institute procedures and systems designed to prevent generation of hazardous wastes in the facility's solid waste impoundment. Crown filed voluntary petitions in the U.S. Bankruptcy Court for the Northern District of California, to reorganize under Chapter 11 of the U.S. Bankruptcy Code. The Department of Justice (DOJ) is representing the Region in responding to all matters raised by Crown in Bankruptcy Court.

DSI TRANSPORT INCORPORATED, SULPHUR, LA: On June 30, 2000, a Complaint was filed, settling an administrative case against DSI Transport Incorporated, (Respondent). The Complaint alleged RCRA violations stemming from Respondent's failure to make an adequate hazardous waste determination, failure to properly prepare manifest for hazardous waste shipment, failure to provide notification for Land Disposal Restriction Notification for hazardous waste, and failure to label used oil containers. A total penalty of \$20,344 was assessed to the Respondent. The violations were observed during the review of a Compliance Evaluation Inspection and 3007 Request for Information.

GEORGIA GULF LAKE CHARLES, LLC, WESTLAKE, LA: On June 30, 2000, the U.S. Environmental Protection Agency Region 6 (EPA) filed a Complaint against Georgia Gulf Lake Charles, LLC in Lake Charles, LA. The Complaint alleged disposal without a permit, failure to an adequate hazardous waste determination, and failure to comply with "storage permit" exemptions for hazardous waste storage tanks. A civil penalty of \$701,605 was outlined in the Complaint.

SWIFTSHIPS, INC. (Sites 1 and 2), MORGAN CITY, LA.: On April 12, 2000 RCRA complaints were filed against Swiftships, Inc. alleging failure to meet permit exemption requirements. EPA seeks to require Swiftships to immediately undertake activities to comply with the requirements for generators of hazardous waste. On April 17, 2000 Swiftships filed their response to the complaint. The facility has submitted information requested by EPA.

TEXAS GAS TRANSMISSION CORPORATION, LA: A Complaint and CACO were filed against Texas Gas Transmission Corporation. The Complaint alleged RCRA violations stemming from facility's failure to meet "storage permit" exemptions (ie. storage for greater than 90 days) and failure to make hazardous waste determination. A \$56,801 penalty was outlined in the Complaint. The violations were observed during a Compliance Evaluation Inspection and review of a 3007 Request for Information letter.

KAISER ALUMINUM: On July 5, 1999 a violent explosion destroyed a good portion of the Kaiser Plant in Gramercy, LA. The explosion caused the release of sodium hydroxide and asbestos. EPA alleged under the CAA, 112(r)(1) General Duty Clause, that Kaiser failed to design and maintain a safe facility and take the steps necessary to prevent the explosion. Kaiser also failed to notify the National Response Center of the explosion in a timely manner, a violation of section 103 of CERCLA. Kaiser was assessed a penalty of \$214,614 under the CAA and \$27,500 under CERCLA. Respondent agreed to a settlement amount of \$195,000, and a SEP to implement management systems including management of change to prevent further accidents. They agreed to a CERCLA settlement of \$5,000 and to a \$18,000 SEP.

TOWN OF VINTON ELECTRIC UTILITY, VINTON, LA: Issued a Complaint and Notice of Opportunity for Hearing (Complaint) on June 28, 2000, pursuant to the Toxic Substances Control Act (TSCA). Specifically, it is alleged that the Town of Vinton Electric Utility improperly disposed of PCB-Contaminated soil, failed to properly mark and store PCB Items, and notify EPA of its PCB waste management activities. A \$68,475 penalty was proposed.
